I am pleased to announce that most crime categories are down for 2011. Because citizens are the first line of defense against crime, we sincerely thank you for your efforts to safeguard your property and families. Together we do make a difference, and that difference was significant in 2011. The actual crime statistics are reflected on page two of this release. Additionally, the police department collaborates with RAIDS ONLINE. This free service connects law enforcement with the community to reduce crime and improve public safety. Crime mapping helps the public get a better idea of the crime activity in their area so they can make more informed decisions about how to stay safe. Citizens can access this information through the Department's website, located at www.abilenepolice.org. An application on some smart phones also allows access to this information.

Thank you for working with the police department to build a community of the highest quality for present and future generations.

Stan Standridge
Chief of Police
